👤 Profile

Computer engineering student with a flair for technology and a love for creativity, possessing knowledge of Java language. Good learner who is also flexible and cooperative.

🧠 Skills

Languages: Java | HTML | CSS | Javascript

Databases: Structured Query Language (SQL)

Other: Git | GitHub

📁 Internship

| | |
|----------------------|---|
| 2024 Pune, India | Java Development - CyberSuccess 🔗 <ul style="list-style-type: none">• Gained practical experience in Java and J2EE, focusing on backend development.• Developed and refined Java applications based on real-world project requirements. |
| 2024 Jalna, India | Full Stack Developer - GWS 🔗 <ul style="list-style-type: none">• Developed and maintained web applications using a variety of front-end technologies.• Collaborated with cross-functional teams to design, build, and deploy user-friendly websites.• Managed databases and server configurations to ensure reliable and scalable solutions. |

🎓 Education

| | |
|---------------------------|---|
| 2024 Jalna, India | Computer Science and Engineering, MSS CET Jalna 🔗 CGPA: 8.19 |
| 2021 Jalna, India | Diploma in Computer Engineering, Government Polytechnic Jalna Marks: 85.20% |
| 2018 Aurangabad, India | SSC, Saint Meera English High School Marks: 79.20% |

📁 Projects

Worker data maintaining website [🔗](#)

- Engineered a user-friendly platform for workers to effortlessly upload their data, enhancing operational efficiency.
- Equipped administrators with robust search capabilities for swift and precise data retrieval.
- Developed a robust data management system that empowers admins to maintain data accuracy by efficiently purging outdated records.
- Executed as a live project during an internship, demonstrating practical application and real-world impact.

Student Result Management System

- Developed an intuitive interface for admins to efficiently input and manage student marks with ease.
- Implemented secure and personalized access for students, allowing them to instantly retrieve their results using roll numbers and names.
- Crafted a user-centric interface that prioritizes simplicity and ease of use, ensuring a seamless experience for all users.
- Streamlined backend processes for faster and more accurate student data handling, boosting system efficiency.

📄 Certificates

Web Development-Internshala [🔗](#)

- Completed certification in web development at Internshala.

✍ Declaration
